Interpreting the News

"They call Walter Reuther a 'newball' economist in the newspaper editorials," snorted August Scholle, referring to Michigan newspaper editors. "Yet the same editors show a total disregard for consistency. They say that labor has grown up and should assume responsibility. How can we assume responsibility for full employment and yet limit ourselves in collective bargaining to wages, hours and working conditions?"

Scholle, the speaker, is the president of the Michigan State CIO Council. He is regional director of the CIO. He is Michigan director of the Political Action Committee, commonly called the "PAC."

His audience was a group of college professors and instructors. These men had invited representatives of management and labor to present their viewpoints. Two weeks before the audience and he issued to John L. Lovett, manager of the Michigan Manufacturers Association. Now they were getting labor's viewpoint, as seen by the CIO top command and reported by Scholle.

"This country must have higher purchasing power, if we are to offset the decline in government war orders," said Scholle. "During the war, national income was 160 billion dollars, of which the government supplied about one-half in war orders."

"Now everyone agrees that we need full employment and full production. We had potentials for a high production from 1939 to 1941 in this country. Why didn't we get it? Because of a lack of purchasing power. We must have higher purchasing power in 1946 if we are to offset the decline in federal war orders and if we are to purchase what we produce."

Scholle condemned the National Association of Manufacturers for recent newspaper advertisements urging removal of price controls as a means of attaining full employment and production. "Manufacturers want to make all the profits they made during the war," he added, maintaining that industrial war profits increased "200 per cent while the wage of labor was restricted by the government. (Ed: Excess profits of manufacturers were taxed by the government and hence returned to the federal treasury.)"

Scholle's pro-labor statements may be accepted as "straws in the wind" of a viewpoint held by many unions.

Their objective is maintenance of purchasing power through higher wages.

"High wages" do not mean war-time rates, either on an hourly or weekly basis, but the minimum wage of war-time "take home" earnings; hence the CIO demand of 48 hours pay for 40 hours work which at overtime rates is equivalent to 12 hours of additional pay for each work-week. Increase the hour rate for a 40-hour work week by 30 per cent, and you would retain the worker's war-time purchasing power, so goes the CIO argument. It's very simple, or is it?

Unless wages are increased, an over depression is inevitable, according to Scholle. The CIO viewpoint is that the manufacturer's profits can absorb a 30 per cent wage increase without shifting added labor cost to the consumer in the form of higher prices.

The position of management, of course, is just the reverse. Higher wages mean higher prices, and higher prices only reduce purchasing power.

Thus you arrive at a vicious cycle, the foundation for inflation.

A recently received statistical table comparing 1946 earnings with 1939 earnings. On a dollar basis, the automobile worker in 1945 received \$2,748 compared with \$1,811. On a basis of 1939 purchasing power, however, the same automobile worker in 1945 could buy only \$2,011 worth of merchandise and services. Assuming a 10 per cent rise in the 1946 cost of living, adjusted for federal taxes, the wage is further reduced to \$1,977 — only some \$360 more than he received back in 1939.

Purchasing Power cannot be measured by number of dollars. Management insists that higher wages mean higher prices, thus reducing purchasing power. Labor insists that higher purchasing power must be attained through higher wages, the wage being paid out of anticipated "high" profits.

Who is right?

Now it is simple as ABC that

(Continued on Page 2)

THINK WE'RE GOING TO LIKE THIS PLACE... Showing various emotions these three youngsters, shown shortly after their arrival from England. They will make their homes with their G.I. Dads in California. Left to right: Patricia Conn, bound for San Jose, Calif.; Thomas Hocker Jr. and Frances Karrman, who will both become citizens of Los Angeles.

CONGRESSMAN ROY WOODRUFF WRITES OF DESTRUCTION OF MATERIALS

Writing home to his constituents, Representative Roy O. Woodruff of the Tenth Michigan District reveals some of the correspondence which a New York Congressman had read into the Congressional Record concerning the destruction of some new and other slightly used materials of which there is a serious shortage of here at home.

Representative Woodruff's note said: "Congressman Latham of New York has been making an investigation of the enormous quantities of useable materials that are being destroyed by the Army. The following excerpts from letters he has received from men overseas on the subject of Army destruction of useable property were placed in the Congressional Record:

From New Caledonia: "On Isle Nou, for instance, over 250 boats of all kinds were burned, most of them in fair condition. There were motor launches, warning boats, Higgins boats, a few landing barges, and one PT boat in very good condition. Every day for the past month a large crane on a barge dumps material into the sea. Near the receiving station several acres of land contain motors — most of them in good condition — covered over with earth by means of bulldozers. In Plumb Bay about a thousand vehicles, especially GMC trucks, have been dumped into the sea, some of them were undamaged and with thousands of tires. Trucks carried away full loads of Evinrude motors and various materials, all to be thrown into the sea. At the motor pool at Anse Vata Chevrolet sedans in perfect condition were smashed, loaded on trucks and dumped. At Nickle Docks hundreds of cars were dumped and covered with earth from the adjoining hill. The area thus covered is from 8 to 10 acres."

From New Guinea: "In Hollandia, New Guinea, I saw a large shipload of steel and copper pipe thrown in the bay along side of the destroyer repair base. It was all brand new pipe — never used. It was estimated at \$200,000.00. There was also \$100,000.00 worth of electric cables for ships thrown in the bay."

College Students To Visit High Schools

One hundred twenty-six Michigan State College students will visit their home high schools one day during the week of March 18-23 to talk with seniors who are interested in receiving information about the college, according to Karl H. McDonel, M. S. C. secretary.

For several years members of the Michigan State teaching staff visited the various high schools in the state to discuss plans for college with students in the graduating class. When this became impossible during the war, the plan of student visitation was adopted.

Mr. McDonel said that many excellent reports have been received regarding the students' visits since the new plan was begun. Most Michigan State College students will be home during the time the visits are scheduled — because of the vacation period between terms. Registration for the spring quarter will be held March 25-26.

The M. S. C. student who will participate in the program at Grayling High School is Billyann Clippert, daughter of Dr. and Mrs. C. G. Clippert of Grayling.

bay — all new cables; at Manerarin Island and Samar Island in the Philippines, 300 brand new boats were burned — many LCV's were burned. Hundreds of marine motors were thrown in the bay. Millions of feet of lumber were burned."

Congressman Latham told of photographs being sent him which show "enormous quantities of galvanized steel, ice boxes, trucks, tires, jeeps, and Quonset huts dumped into the sea." He also said, "It was told by a veteran that he saw hundreds of new leather Army jackets cut in shreds and then stacked and burned in Germany."

There is no excuse for the destruction of materials of which there is a drastic shortage in this country, such as trucks, automobiles, motors, tires, steel and copper pipe, lumber and building materials; nor can any possible excuse be offered for the destruction of clothing in Europe when half of the population there is suffering from the want of it. Benjamin Franklin said, "Waste not; want not." We need a Benjamin Franklin in Washington."

TROOPS TO TRAIN AT CAMP GRAYLING

A letter written at the command of General Thomas Collins by Colonel John H. Steek to all officers of the Michigan State Troops gave a lineup of the troops that will train at Camp Grayling this coming summer. "The camp will be used by the troops for training from July 1 until August 24 in some what the same training program as was instituted by the State Troops last summer."

The Camp Service Detachment and the Divisional Motor Repair Detachment will be on actual duty for the entire period while from July 1 until 8 and from August 17 to 24, the Det State Det will be on active duty.

From July 9 to 19, Divisional Headquarters, State Staff, Divisional Headquarters Detachment, State Detachment, Hdq. Co. 1st Signal Company, 1st Cml. Company, Divisional Motor Repair Detachment, 1st Gunmaster's Bn., 1st Engineer Bn., 2nd Military Police Bn. and the 31st Infantry minus 1st Bn. and Co. D will be on hand for operational maneuvers.

From July 22 to August 2, the 32nd and 33rd Infantry will be training at Camp Grayling on Lake Margrethe. From August 5 to 16 the 34th Infantry Bn. will be at the camp for a rigorous training program.

Name 15 Men To County Council

At a meeting of the temporary officers of the Crawford County EMTA Council and other persons interested in furthering the resort business in the county held at the Court House Tuesday evening, the personnel of the committee was completed and elected and a permanent chairman named.

The meeting was in charge of Art Clough who was named temporary chairman at the initial meeting which brought the plans for the council to Grayling.

The membership of the committee consist of the following (Continued on Page Eight)

Discover Signs Of Prehistoric Life

Evidence of prehistoric life in the Great Lakes area within 50 miles of the retreating ice cap has been uncovered by a University of Michigan survey group headed by Dr. Emerson F. Greenman, curator of the Division of the Great Lakes of the University Museum and the survey of the Manitoulin region in Ontario, Canada, are now being featured in an exhibit in the rotunda of the Museum on the University campus, which will continue until June 1.

The Michigan group has been discovering evidence each summer since 1938 near Killarney, Ontario, where abandoned beaches at three levels give evidence of the occupation of those sites by prehistoric people.

Formation of the beaches, which were at water level some thousands of years ago, and are now at various heights above the present Great Lakes level, was due to the tilting upward of the basin of these lakes in a north and south direction since the glacier left this part of the country, Dr. Greenman says.

Determine Age

The lowest beach on which evidence of man has been found at this location is 28 feet above the present lake level, the next highest is 56 feet, and the highest 297 feet above lake level. All are approximately 2,500 years old, and his estimate for the lowest beach is 1,400 years ago.

Examination of the implements, says Dr. Greenman, shows that a close correlation existed between the development of the industries and the antiquity of the beaches. The lowest beach, which is also the most recent, gave evidences of the highest industry. Here clay vessels were found, as well as flint projectile points and the antiquity of the oldest of the sites is as great as can be claimed for any prehistoric habitation in the New World, Dr. Greenman says.

Kiwanis Club Notes

Father Francis Branigan was the speaker introduced at this week's meeting of the Kiwanis Club by George Burke who was in charge of the program.

Father Branigan picked as his subject, youth problems and some of the causes. He said that during the last few years there has been an awakening to the problem and many ideas had been brought forth in an effort to correct some of the troubles. Most of the methods used are all means to an end and not the end itself," Father Branigan stated.

He mentioned the work done in Grayling in re-establishing the Boy Scouts and the Grayling Boys Club which he said were (Continued on Page Eight)

VFW HOLDS SECOND MEETING

The Veterans of Foreign Wars held their second meeting since organizing, at the County Court House Monday evening. A very good turnout of the veterans was on hand. Many new members were signed up and now the prospects really look good for the new post to achieve its goal of 75 or more members to be initiated at the time of presentation of their charter, which will take place Monday evening, April 1st, at the High School Gym.

Another meeting to be held at the Court House next Monday evening, March 18th, will be devoted to intensifying the membership drive to secure as many names as possible on the new Charter. All ex-service men of the Armed Forces of all Wars, as well as those who have not as yet been discharged are cordially invited to attend these meetings. Parents of those who are still in service are urged to attend, as they may enroll their boys who are overseas by presenting a used envelope showing their P. O. address.

Several of the members summed up the keen interest shown to become a VFW. "They give me an evening at a VFW Post, and you can cut all that to hell."

There is more truth than poetry to that statement, for here is an organization never before located in Grayling that is outstanding, and respected throughout the world. From the membership of approximately 250,000 at the time of Pearl Harbor, to January, 1946 it has jumped to over 1,650,000 and growing at the rate of over 1,000 a week in Michigan alone. Therefore, in as much as Grayling has achieved such a fine reputation as a patriotic city, we are very much interested in having a Post of this caliber located in Grayling.

It is good for the community. It is good for the Veterans who have the chance to "sound off," relax or what have you among men who talk like lunatics.

W. F. Harwood, Post Commander.

Name 2 New Park Supervisors

Nearly 70 state parks and state-owned recreation areas will be operated by the Conservation Department of the State of Michigan.

The department's parks and recreation division announces appointment of two regional supervisors, Glenn C. Gregg in the Northern Peninsula with headquarters at Marquette and Robert O. Dodge in northern counties of the Southern Peninsula with headquarters at Roscommon.

Charles M. Leeson, Lansing, is in charge of state parks and recreation below the Muskegon-Bay county line.

Gregg, formerly with the National Park Service, joined the department in 1941 and has been in charge of planning, construction, and landscaping of parks above the Straits and in the northern half of the Southern Peninsula.

Dodge, recently terminating service as a navy lieutenant on convoy duty in the Atlantic, joined the department in 1939 and has had supervisory duties in park construction.

Both Gregg and Dodge have degrees in landscape architecture from Michigan State College.

For many years the state park districts absorbed in the new regional setup either are retiring because of age or will continue as managers of state parks. William F. Richter will continue as manager of Bay City state park. Harold Gwynn at Ludington state park, and O. C. Searl at J. W. Wells state park near Menominee.

Peter Foss, whose district headquarters have been at Gogebic Lake state park, is retiring as is Byron Rickard at Burt Lake state park in Cheboygan county.

Mancelona Defeats Grayling In Overtime As Fairview Wins 5th Straight Tourney

Over 3,000 people viewed the three day district basketball tournament held at the Grayling High School gym last Thursday, Friday and Saturday in which Mancelona grabbed the Class C district crown and Fairview the Class D headpiece.

Thursday night's contests brought in 900 paid admissions while 980 paid at the gate to view the three Friday night games. Saturday night's two championship games drew a paid crowd of 985. Over 100 passes were out to basketball players, coaches, cheerleaders, school officials and the press each night with a full attendance from the group, it was said.

Mancelona Wins

Mancelona finally fought their way to a victory on four foul shots in a 3 minute overtime to win the District Class C trophy and championship. With the score tied at 20, following a wildly-tossed Mancelona shot in the final seconds of the regular game, B. Griffore, Mancelona pivot man stepped up to the foul line and dropped two shots swish through the meshes. Puckett, Mancy guard and acting captain repeated the performance in the last minute of the overtime period.

Each team scored 3 points in the first quarter and were locked in an 8 all tie at halftime. In the third period, Mancelona scored 6 points to Grayling's 5 to take a one point lead. As the fourth quarter opened, Richard Miller was sent into the fray by Coach Willard Cornell to replace Edwin Carlson and immediately came through with a two pointer to put Grayling back in the lead. A foul shot by Bennett gave Grayling a three point lead. As Grayling attempted to stall on their three point advantage, the Mancelona team were awarded a free shot which brought them within 2 points of knocking the score. A last minute referee's decision that Dick Miller had stepped out of bounds in center court as Grayling continued their time killing play gave Mancy the ball. As the ball was thrown into play at center court, an orange and black player gave it a wild throw at the bank with a resulting thing basket.

The Green Wave played good hard basketball all evening and should have no regrets over dropping the contest. It was a clean, well-played ball game with the Mancelona's narrow margin of height used by them to every advantage. The Ironmen controlled the banks and although Phil Keway outjumped his opponent at every jump ball, the Mancelona team always came out of the melees in possession of the ball.

Ted Bennett playing his last basketball game for the Green Wave dropped in 2 field goals and five foul shots for a total of 9 points. Bud Caid and Pat Harwood also seniors added 3 and 4 points respectively. Keway and Dick Miller completed Grayling's scoring with a bucket each. Also dressed for play for their last high school basketball game were Mike Mathewson, Dick Penty and Emory Graft.

B. Griffore, Ironman tall boy led the Mancy scoring with 13 points. While G. Griffore and Puckett added 4 each and Buck-

Local Independents In W. Branch Tourney

The Grayling Independent basketball team known as Spike's defeated their first opponent in the Northwestern Michigan Invitational Basketball Tournament for Independent teams being held in West Branch tonight, Friday and Saturday.

The Rose City Independents will face Spike's at 7:55 tonight in one of four games scheduled. If Spike's win tonight they will face the winner of the Sterling-Standish game which is scheduled for 9:30 tonight.

West Branch faces Mio at 9:20 tonight and the winner of that contest will take on the victor of the Tawas City-Roscommon game which will begin at 10:45 tonight. Of the 8 teams entered regular season performance would favor Grayling, West Branch or Roscommon as the winner.

According to Manager Myrton Burrows, the Grayling team will have the added support of Pat Harwood who played his last high school basketball game against Mancelona in the district tournament Saturday night. If the Grayling squad can pull it way into the finals on Saturday night they also will have the services of big Lewie Smith who plans to come up from Ann Arbor, where he is attending the University of Michigan.

The two Friday night games are scheduled for 7:30 and 9:15. Two games will be played Saturday night also; the championship battle and a preliminary.

Ohio Couple And Son Escape Death, Injury

Mr. and Mrs. Walter Taylor of Valley View Village, Bedford, Ohio, and son, Staff Sgt. Richard D. Taylor, who recently returned from Okinawa, luckily escaped a painful injury and possible death last Saturday afternoon when their car struck an icy rut 3 miles north of Grayling on US-27 and hurtled from the road.

Narrowly missing a large tree, the vehicle somersaulted forward and rolled over sideways two or three times coming to rest on its side. Highway crews who were working nearby helped the three people from the wrecked car.

Mr. Taylor who was on his way to the hospital for a cabin reconstruction company said they were all painfully bruised and shook up but not seriously injured. They are staying at the Shoppenagon Inn while their car is being repaired and in the meantime recuperating from the shock of their narrow brush with death.

Fifth Straight

Fairview won its fifth straight District Class D title by defeating a fighting Gerrish-Higgins squad from Roscommon by a 30 to 26 score, in the first fray on Saturday night's schedule.

The Fairview squad grabbed a 6 to 0 lead in the first quarter and added 12 more in the second canto to Roscommon's 9 to hold an 18 to 9 lead at halftime.

The end of the third quarter found Fairview leading by a 25 to 15 margin. However, in the final period Roscommon outscored the Fairview five 11 to 5 and at one time were within 2 points of knocking the score.

M. Schantz, Fairview center and Gusler, Fairview guard led the winners with 10 and 13 points respectively — while the losers were led by Myers and Pratt, both guards, who scored 8 and 7 points respectively.

Leo Schmitz of Saginaw and Charles Novak of Charlevoix served as officials for the entire tournament and turned in a good job most viewers of the contests thought. Frank Bond was tournament manager, Don Gohr, scorer, and George Granger timer.

The trophies and medals were awarded to the two class winners at a short ceremony following the Grayling-Mancelona contest Saturday night.

Friday Night Contests

A young and inexperienced Atlanta squad took the floor against a well-coached and crafty Roscommon five in the first contest on Friday night's schedule. The Roscommon team held Atlanta without a field goal defeating them 32 to 9. The Gerrish-Higgins Bucks started driving from the opening whistle while their defense completely bottled up Atlanta. The lop-sided game passed Roscommon into the finals in Class D competition.

Roscommon time winner of the District Class D crown, Fairview, mauled a weak Vanderbilt squad in the second game of the evening and emerged winner by a one-sided score of 51-12. Vanderbilt scored but 3 times from the field, the other half of the score coming from free shots. The rangy Fairview five seemed to score at will while holding Vanderbilt to a mere handful of attempted field goals. The victory placed Fairview in the final bracket to oppose Roscommon for the District crown in the opening game Saturday night.

The Grayling Green Wave showing their best basketball of the season easily turned back a rough but crafty Alpena St. Anne five by a 46 to 26 score.

The local boys played headsup ball all evening and never passed up an opportunity. Roughness cost the Alpena five heavily as Grayling scored 16 points from the foul line in contrast to 9 scored by free shots by Alpena.

Bennett, Keway, Caid, Carlson and Harwood started for Grayling and played most of the game. Penty, Mathewson, Graft, Feldhauser, and Dick and Harry Wood who entered the game as substitutes played good ball and as the game was ending more than held their own with the visitors. The first quarter proved to be a ding-dong contest as the two teams felt each other out. Toward the end of the first quarter, Grayling turned on the heat for a 13 to 4 lead. By half time they had increased their lead to 26-14.

Ted Bennett led the scoring with 17 points followed by Caid with 9 and Keway with 8 and Carlson with 6. R. Miller, Feldhauser and Mathewson added 3, 2 and 1 points respectively. Sowa, Alpena forward led the losers with 6 points and Robarge, a guard added 5 points each.

Thursday's Contests

Mancelona by superb floor work, passing and team play knocked a badly organized Grayling five out of the tournament in the first Class C contest by a score of 26 to 14. The first quarter was a tense ball game with hardly any shooting and less scoring. During the second quarter Mancelona slowly began to overpower the Blue and Gold of Grayling and the game was never in danger from there on out.

Fairview flashed the form that has won them four straight Class D tournaments as they easily defeated a plucky Johnsbury five by a score of 50 to 20. The game was never in question as Fairview seemed to score at will. During the last quarter Fairview was represented by a full count of substitutes who still played the Johnsbury boys even — up or better.

MICHIGAN MIRROR

(Continued from Page One)

both management and labor cannot be right in these contentions which are direct opposites, like night is to day.

It is also apparent that manufacturing industry is not responsible for our good times or

our hard times. Manufacturing represents less than 30 per cent of our national economy. The service industry (tourist, for example) and agriculture are equally important; together they far overshadow manufacturing.

Scholle overlooked this significant fact when he told the college professors: "Labor doesn't want to be pulled down to the level of the farmer," Scholle was once a farmer, he said.

The audience gasped at the speaker's brash ignorance of economics.

His statement disturbed us greatly.

What is the answer then? As we see it, it is simply this: We must be our brother's keeper. If we are to prosper, if our profit capitalism is to survive, if we are to escape the noose of totalitarian government with its negations of personal liberties.

And that goes for everyone—employed and employee, rich and poor—in all types of life.

If we are to be our brother's keeper, we must understand our fellow men. Love must replace hate.

Here is the very essence of Democracy.

It also is the spirit of Christianity.

our hard times. Manufacturing represents less than 30 per cent of our national economy. The service industry (tourist, for example) and agriculture are equally important; together they far overshadow manufacturing.

Scholle overlooked this significant fact when he told the college professors: "Labor doesn't want to be pulled down to the level of the farmer," Scholle was once a farmer, he said.

The audience gasped at the speaker's brash ignorance of economics.

His statement disturbed us greatly.

What is the answer then? As we see it, it is simply this: We must be our brother's keeper. If we are to prosper, if our profit capitalism is to survive, if we are to escape the noose of totalitarian government with its negations of personal liberties.

And that goes for everyone—employed and employee, rich and poor—in all types of life.

If we are to be our brother's keeper, we must understand our fellow men. Love must replace hate.

Here is the very essence of Democracy.

It also is the spirit of Christianity.

Iva Jarmin's 178 tied Margrethe Nielsen's 178 for high single game of the week while Joyce Bugby rolled 490 to capture the high three game series.

Burch still holds the two season highs with a 244 and a 546. Jarmin's Insurance holds both weekly and season highs in both single and three game series.

Top seven in season averages are Erma Burch, 144; Joyce Bugby, 140; Margrethe Nielsen, 139; Iva Jarmin, 137; Ann Cariveau, 136; Dina Hunter, 134 and Amy Gohro, 131.

Ed Jungman has gone to Detroit for a few days visit.

Saturday evening at 8 P. M. the wedding of Miss Gloria June Corsaut and Morden Post, son of Mr. and Mrs. Charles Post, all of Frederic took place at the home of the bride's parents. The young couple left on a honeymoon in Lansing and will be at home after March 18, at their apartment over the William Leng garage.

Saturday, March 9, was Billie Tobins' 13th birthday. So 22 boys and girls went over to his house to help celebrate. They spent the evening playing cards and Chinese checkers. Prizes were awarded. For lunch Mrs. Tobin served spaghetti and meat balls and hot tea biscuits. Two lovely decorated cakes were the center of attraction. Fruit salad was served with the cakes. Billie received some very nice gifts, among them was a bottle of milk which Billie did justice too. All wish him many more happy birthdays.

S 2/c George Benjamin has returned to Great Lakes, Illinois, after spending a seven day leave with his parents, Mr. and Mrs. Arvie Cox of Frederic.

Mrs. Arvie Cox has returned home after spending a few days with her daughter, Mrs. Victor

Notes and Comments from Washington

by
Congressman Roy O. Woodruff,
Tenth Michigan District

Attention Taxpayers!

Ten years ago Uncle Sam got along very nicely with 600,000 Federal employees, whose annual salaries totaled less than \$1,500,000,000.00.

Today, notwithstanding President Roosevelt's promise to reduce the expense of the Federal Government by 25 per cent, Uncle Sam has 3,000,000 Federal employees, whose annual salaries total \$7,000,000,000.00—an increase of almost 500% in ten years. In his budget message to Congress for the fiscal year 1947,

PETE SAYS

THE MAN OF THE HOUR SPENT
MANY DAYS AND NIGHTS GET-
TING THERE.

PETE ALSO SAYS:

Life is so short to take chances on driving a car that is not in perfect running condition. For a complete overhaul job, see:

**TED ERIKSON
COMPANY**

500 Norway
Phone 2401

President Truman recommended an increase of 116,992 in the number of Federal employees in the civil-service agencies of the Government. This increase will cost the taxpayers of the nation an additional \$232,000,000.00. Is this a sample of the Government economy we can expect in the days ahead? Congress should veto the President's plan to further pad the Federal payrolls. Whether this will be done is doubtful, because Congress is still controlled by the President's own party.

HERE'S TO HEALTH

Keeping Fit
Regaining lost health is usually a painful process. It involves suffering, expense, loss of time from work and interruption of other normal activities.

Keeping healthy is painless and can be a lot of fun. It involves following a few common-sense rules and applying the knowledge science has made available to prevent illness.

The individual who had the good fortune to be born healthy and who lives in a community which has adopted sound measures for the control of disease is off to the best start. He should capitalize on his advantages by forming good health habits.

It does not take much effort to learn to eat wisely, exercise properly, get sufficient rest and have routine physical examinations; but on such simple things does health often depend.

Strong bodies are able to resist disease. To build strong bodies it is necessary to eat foods which contain the vitamins and minerals the body requires for nourishment.

These basic elements are contained in fresh fruits and vegetables, milk and eggs, fish and meat, butter and other fats, bread and whole grain cereals. These are essential foods and should be included in the daily diet of every normal person.

Monotony can be avoided by varying the selection of foods within these classifications. Why not substitute fish for meat occasionally, custards for milk? Vegetables should be selected from the green and yellow varieties.

Essential to maintaining good health also are sufficient rest, proper exercise and personal cleanliness. Disease is spread by germs, which may be conveyed to the mouth by the hands. The hands should always be carefully washed before preparing meals and before eating. Soap is a good disinfectant. Soap and water used freely in the home will save many a doctor's bill.

One of the wisest health rules to follow is to have regular physical examinations. A physician will detect signs of impending illness and suggest remedies before serious damage is done to health. There is nothing to be gained by taking chances with health.

Facing facts about TB will be discussed in the next article.

Year's Trout Plantings Large

Hatchery-reared rainbow trout that are firmer-fleshed, gamier and more highly colored than their wild cousins are being produced for Michigan anglers.

The Conservation Department's Harrietta hatchery west of Cadillac is handling a million rainbow trout eggs this winter. The eggs are taken from fish that have been produced by selective breeding over a period of years and that possess superior resistance to disease, have better than average color, faster growth rate, and are large producers of eggs.

Rainbow fingerlings hatched from eggs taken from selected

brood stock at Harrietta are demonstrating remarkable ability to survive, and furnish good fishing when planted in northern trout lakes. The department's institute for fisheries research has recommended additional plantings in coming months that will tax the hatchery's capacity.

Bulk of the eggs produced at the Harrietta hatchery are distributed among other hatcheries, principally those at Watersmeet and Thompson above the Straits; Wolf Lake and Oden in the south-

ern peninsula. Fingerlings are produced at Harrietta for hatcheries at Harrisville, Paris and Grayling.

Most of the hatchery-reared rainbows will be held until they reach legal size, in line with the department's new policy of stocking waters with adult fish.

In earlier years the department secured most of the rainbow trout eggs it required by stripping wild fish taken during spring spawning runs up some of the state's principal streams.

Grayling, Michigan, Thursday, March 14, 1946.

Michigan's Next Governor?

The Republican Party of Michigan has already found three hats in the ring for the party nomination for the office of Governor of Michigan with a more than even possibility of a fourth.

On the Democratic side of the fence, Governor's timber seems to be rather scarce. Rumors had it that Frank Isbey, Michigan's War Finance chief would run for the state's highest office on the Dem' slate but he and his associates deny the rumor. In an after dinner talk to a group of Northern Michigan County War Finance Chairmen at Grayling two weeks ago, Mr. Isbey denied the rumors emphatically and nailed it to the mast with the words that he did not want the office and would not even be drafted for it.

In the other corner, Lieut. Governor Vernon J. Brown, grand old man of the Michigan Republican Party and an administration wheelhorse for many years, has signified that he will seek the nomination and has already received the blessing and a pat on the head from the present chief executive, Governor Harry F. Kelly.

Col. Raymond J. Kelly of Detroit, former State and National Commander of the American Legion, is named on petitions being circulated at the present time to place his name on the ballot for nomination for the governorship.

Mayor Edward J. Jeffries, Jr., of Detroit, who a few short weeks ago visited Grayling to crown Margie Caid as Queen of the Winter Carnival has tossed his hat in the ring also.

Harry S. Toy, former Supreme Court Justice is quoted as saying he is seriously considering proposals of Republican friends that he become a candidate. He is to decide in the very near future.

Many are the ramifications in the race which is stacking up for the Republican nomination for the governorship. Lt. Gov. Vernon Brown who probably knows more about state government than any other man in the state, has earned the right to the executive chair, the present administration says. There is a lot in that statement, but on the other hand, the next two years will undoubtedly see great and sweeping changes in which the Governor must be able to see far in the future. Lt. Gov. Vernon Brown's age might prove a stumbling block in any quick switch to streamlined methods of running the state. A knowledge of veterans' problems will be a great help to the next Governor. Some other candidates have much better conceptions of the vet and his problems than Brown.

Colonel Kelly, who has just returned to Detroit from active service and who also saw service in World War I, has this feel of the veteran and his problem much better than any of the other candidates. His last name will not hurt him in the race, either. Many will be the votes cast for the former corporation counsel which were intended for the present chief executive. Kelly's army and law experience makes him a sensible choice, it seems.

Mayor Jeffries of Detroit also stands an excellent chance through many strange circumstances. Of course he will receive a great deal of support from his fight for aid to the cities. Even further it is just possible that he will receive the backing of the CIO, in Detroit at least. It would seem the only chance of the CIO to gain out of

the election would be to support Jeffries in the hope that he would be elected which would open the door for George Edwards, Detroit Common Council President who would assume the mayorship when Jeffries left for Lansing. Edwards is a former Ford employee and a member of the CIO.

Toy's decision to either enter the race or not will create many changes in that if he should decide to run it will mean that the City of Detroit vote will be split between three men while Lieut. Governor Brown would sweep the state. If he decides to stay out and the veterans voted solidly behind Kelly, he (Kelly) would be extremely hard to defeat.

On the other hand with the City of Detroit vote in his pocket as strongly as in the last mayoralty race and a good backing from out state from cities seeking state aid and the extremely likeable Mayor of Detroit will give a good account of himself.

The final answer as to the man who will represent the GOP for the office of Governor will be given by the citizens of Michigan, on June 18. Predictions of the winner at the present time would be ridiculous. R.W.S.

Interesting Events In
Grayling 23 Years AgoINTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVALANCHE OF 23 YEARS AGO

March 15, 1923

The several townships in the county have named their candidates for township officers to be voted for Monday, April 2, and we herewith submit them for perusal by the public. The townships not appearing in this

issue, will be published next week. Grayling Township — Republican ticket: Supervisor, Melvin A. Bates; Clerk, Carl W. Peterson; Treasurer, Marius Hanson; Highway Commissioner, Christ Hoesli; Board of Review, 2 years,

James W. Sorenson; Board of Review, 1 year, Elmer Matson; Justice, 4 years, C. P. Schumann; Justice, 3 years, Ralph Hanna; Overseer of Highways, District No. 1, Daniel Hoesli; District No. 2, Albert Hoffman; Constables, Alvin LaChapelle, P. G. Zalsman, Estelle K. Clark and Sherman Neal; Township Committee, M. A. Bates, M. Hanson, and Dr. C. R. Keyport.

Democratic ticket: Supervisor, James H. Wingard; Clerk, Alfred Hanson; Treasurer, Charles O. McCullough; Highway Commissioner, Rasmus Rasmussen; Board of Review, 2 years, Geo. W. McCullough; Board of Review, 1 year, Walmar J. Jorgenson; Justice, 4 years, Hans Peterson; Justice, 3 years, Ed G. Clark; Overseer of Highways, District 1, John B. Slingerland; District 2, Hugo Schreiber, Sr.; Constables, Frank Karnes, Alfred Clippis, Harry Hume and Alfred Galloway; Township Committee, Frank Sales, Ambrose McClain and Hans Peterson.

Maple Forest Township: Republican ticket: Supervisor, Harry Supervisor, William G. Feldhauser; Clerk, John Q. Roberts; Treasurer, Archie Lezon; Highway Commissioner, J. W. Smith; Board of Review, 2 years, John Malco; Board of Review, 1 year, Ed Feldhauser; Justice, full term, Earl Marshall; Justice to fill vacancy, Richard Babbitt; Overseer of Highways, Charles Feldhauser.

Mrs. Tracy Nelson and children visited over Sunday with her sister, Mrs. Ernest Richards and family of Frederic. Mrs. Leo Gannon visited her parents, Mr. and Mrs. Oscar Smock of that place.

Thomas Cassidy has leased the two story building in the rear of Shoppengons Inn and will spend several thousand dollars in remodeling and stuccoing same for the purpose of sleeping chambers, annexing his popular hostelry.

Mr. and Mrs. Clarence Sissons of Grayling were guests of Mr. and Mrs. Charles McCullough a few days last week. The ladies are sisters.

Mrs. Carl H. Nielson is spending a few days visiting her brother, Frank Tetu and family in West Branch.

James Wingard and Fred Lamm went to Detroit Wednesday of last week and succeeded in driving a couple of Ford touring cars through from Detroit as far as West Branch, storing them there until the roads between here and that place open up.

There's no place
like Home!

This is Main Street, U. S. A. America, 1946! Typical scene in every village or town... at every crossroad in these United States. He's back! Home again! Home, after long, lonely months of separation.

Father... son... brother... whoever he is... this is the long-awaited day... the day we all wondered... "would it ever come?"

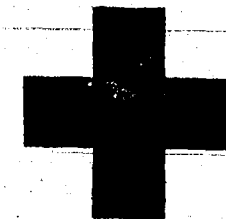

And if there is a "let-down feeling" after the initial joy... stop and think how he's feeling. Sure, he's glad to be home. Wasn't that one of the things he was fighting for? But the future... what about that?

Remember your Red Cross was with him... on Leyte, at Iwo Jima, in Anzio... or was it Normandy? Wherever he was, the Red Cross was at his side when he needed it most. That

same down-to-earth friendly counsel and helping hand... that warm and human touch which helped him through his darkest days and months... will stay with him in 1946 and for as long as he needs it... if you help.

To whom can he turn for the advice he may sorely need? For assistance in filing his claim? The Red Cross has his answers. Where can he get the ready cash he may need to tide him over until his benefits start to come through? The local Red Cross—your Red Cross.

There's a Chapter in every community. Through it you can give him a strong shoulder to lean on... a steady hand to guide him. For it is your contribution that keeps the Red Cross at his side. Remember, you are the Red Cross—Give Now!

YOUR Red Cross
MUST CARRY ON

GIVE!

GRAYLING STATE SAVINGS BANK

★ Prepared by the Advertising Council in Cooperation with the American Red Cross ★

QUICK
STARTINGThere is no quality in a
gasoline the motorist ap-
preciates more than lively

quick action when his foot touches the starter. Texaco's new Sky Chief and Fire-Chief achieve this extremely quick starting through their superior FIRE-POWER... the ability of these gasolines to form a fast-firing explosive mixture, even when cold.

This FIRE-POWER is the result of Texaco's amazingly accurate method of controlling the volatility that gives this fast firing. This control assures the ultra-quick firing that motorists want plus a perfectly adjusted balance of volatility with octane rating and many other factors that insure highest efficiency of operation. Because of this, both Texaco Sky Chief and Texaco Fire-Chief give the motorist: 1. Faster firing when cold. 2. Faster warm-up. 3. Full firing action when warm, resulting in complete combustion. This means ultra-quick starting in the garage, plus smoother and more economical driving on the road.

MICHIGAN AND THE OLD NORTHWEST

Cadillac at St. Ignace

1685-7: New York Governor permits trading parties to invade the far lakes.

50 men in 20 canoes, evading Fort St. Joseph, were taken on Lake Huron in 1687.

In 1694 Antoine de Lamoignon came to Michigan and Fort de Buade.

Cadillac at St. Ignace noted Detroit's military position, and so did the British.

HEAR FROM HOLLAND FRIEND

The following letter was received by Christ Johnson and Jappe Smith from Dirk Nanninga, who left here in 1920. He had come here to learn the lumber business.

Haren, Dec. 12, 1945.

Dear Friends Christ and Jappe:

So much has happened in the last five years that I wrote to two of my Grayling friends, Arthur McIntyre and Helmer Bay, to hear how you people had got along during the last war, and they told me that both of you were still going strong in Grayling, so I will write you a few lines as I am anxious to hear how my two bosses from camp are getting along. It is such a long time ago that I heard about you and Grayling that I hardly know where to start. I left the States in July, 1920 by way of Grayling, to visit my old friends when returning from the West and I think I remember Christ took me for a trip to the camp near Vanderbilt near the old White House Camp, where I started my "kindergarten" years in the Michigan woods. I also remember I visited you in your home in Grayling; I believe you were in N. Carolina at that time, Jappe. Well, much has happened since those happy days. I am 50 now and getting a little gray above the ears, just bought my first spectacles for reading, but otherwise feeling young, married late like you did at the age of 40, have a fine, energetic wife, a boy of 9, and two girls of 6 and 4, so quite a family, especially it made my brow sweatier sometimes to steer along through these managed it and are getting ourselves again. Our country is hard hit, you will have to read about it in the papers, all is not true but a good deal is, so you can imagine how we feel about the Germans. It got worse gradually and about a year ago we reached the bottom of the ladder, food getting scarcer and we were not safe for the German SS still in our district, the north of Holland, we did not have real hardships like they occurred in our western provinces around Amsterdam and The Hague, where

thousands of people died of starvation. The general railroad strike was ordered by our government in London in September, 1944, and the thickly populated provinces in the west with little agriculture and 4 million people, half of Holland's population, came without food as traffic came to a standstill, terrible scenes have happened, the country was flooded a good deal and the Germans getting more ruthless. People from there came on bicycles for 150 miles to our district to get food for their families and went all the way back with heavy burdens on the vehicles, and if they had luck the Germans took it away from them. We sent food to our relations but most of it was stolen on the way by hungry people.

I have been in Amsterdam a couple of times after our liberation and it is remarkable how quickly things have become better, you hardly notice it any more. A good deal of help we got from other countries, especially the U. S. A., and also from your native country, which sent dairy products, etc., and many children went to Denmark for several months to get over the effects of the hunger ordeal, so it makes us feel grateful for all efforts that are made on behalf of our country. We were freed here on April 15th by the Canadian Army. It was a week never to be forgotten to see the oppressors drag along fully beaten and the liberators coming in with Dutch flags on their tanks. They spoiled us and things were better right away in our city of 120,000, fighting lasted two days, the town is badly damaged and about 100 citizens were killed, mostly by going into the streets before it was safe. We have had a fine time with our Canadian friends, who just left a fortnight ago. We hated to see them go, but they also longer for their homes; we had an officer billeted in our house, who had not been for five Christmases and had never seen his youngest baby, a boy by now.

I have been talking long enough about ourselves, but should have asked how you came through the years. I understand that, you, too, missed several things, that this war had more effect on the states than the last one, when I was over there. And how is Grayling and its people? I thought that after the woods were cut out and the mills shut down Grayling would be hard hit and become dead like Lewiston, but I understand from the letters I got that it still is a lively town, how is this possible as you don't have farming country in the neighborhood? Did Mr. R. Hanson become real old and still active like he always was in his later years? I understand that Mrs. Hanson is still living? It seems hardly possible and are their sons, T. W. Esbern and Oscar still around Grayling? Human died, they told me and also Otto McIntyre. I sure would like to pay you all a visit, and see the old places again, but how all will have changed! What became of the company and the sawmills and of the woodland where you fell so many trees?

hope you'll write me an extensive letter telling all the news about the people I used to know and about the town and country. Is there much fishing going on at the old Au Sable and is Portage Lake still the lovely summer resort? What became of Olevarious, Billy Raas, Chris Olsen, Tony Nelson, Anna Nelson, McClain (my cousin's house), Donald Herrick, Fred Welsh and so many others, I can't mention them all. My best regards when you see them.

I am still in lumber, our stock has gone during the German occupation, but now we get our first lumber again from Sweden and also the North West U. S. A., the famous Douglas fir, so we expect work ahead, and there should be for a lumberman, for there is so much to repair and build up again.

If you ever plan a European trip, don't forget to visit us in Groningen. You could make your home at our house and start from here your wanderings around the country. I will take a vacation and drive around with you to the places of interest. Well, dear friends, let's hear from you, my best regards also to your families and from my wife and me.

Yours, Dirk

From D. Nanninga - Diltwegio

Haren (G. B.) Netherlands

P. S.—I suppose many Grayling boys came over here to fight the Germans and probably occupied central and southern Germany. Did many of them get killed? I wish they had been around here for Christmas and Happy New Year. I hope you will spend pleasant holidays and a prosperous 1946.

Intangibles Covers Accounts and Notes

This is the fourth and final in a series of articles about Michigan's Intangibles Tax Act as amended by the 1945 session of the Legislature.

Certain Payables May Be Deducted On Business Returns

The three preceding articles in this series have discussed the effect of the Intangibles Tax Act upon the individual taxpayer. This article will explain some of the problems in a return to be made by a business. However, it will be limited to an establishment doing all of its business in Michigan and will not touch on foreign corporations doing business in Michigan or a Michigan corporation doing business in other states as well as in Michigan.

The Intangibles Tax Act lists among the items taxable, accounts and notes receivable. The act further specifies that accounts and notes payable may be deducted from the accounts and notes receivable if the taxpayer is in business, and the tax then computed on the net balance.

In the Rules and Regulations issued by the Department of Revenue the term "accounts receivable" has been defined as an obligation owing to a person on open account. As some of these accounts and notes produce an interest income, the interest producing accounts and notes must be segregated from the non-income producing notes and accounts receivable.

The act limits the deduction of accounts and notes payable to only those accounts or notes payable incurred or given in connection with the business from which the receivables are derived. It provides further that accounts payable will include only current open trade accounts and shall not include dividends, accruals, contingent liabilities or taxes, except those taxes collected or retained for remission to a government agency. This provision will, therefore, limit the

SOUTH ELECTS WOMAN... Mrs. Helen Douglas Mankin, who was elected as Georgia's first woman representative in a special election to fill the unexpired term of Robert Ranspach, who resigned. She won over 18 candidates.

taxes that may be deducted as payable to such taxes as the social security tax deducted from the employee's pay check or the Michigan sales tax. The social security tax, income tax and property tax levied on the employer would not be deductible. The act further states that notes payable shall not include bonds, debentures or any other obligations due more than one year after the date of issuance.

This deduction of allowable payables is to be made first from the non-income producing receivables, and if the allowable payables are greater than the non-income producing receivables, the balance may be deducted from the income producing receivables.

The rate of taxation on the non-income producing receivables is \$1.00 per \$1,000 and the rate on the income producing intangibles is 3% of the income but not less than \$1.00 on the face amount. All of the items that make up the receivables and payables will be computed on an average for the year unless the taxpayer has elected to use the retroactive date, which for 1945 has been set as November 30, 1945. In this case the business will report the balances as of that date only.

Any other property, such as stocks, bonds, mortgages and land contracts owned by the taxpayer in business will be reported on the return and the tax computed in the same manner as that on any other return.

This series is intended to give

only the highlights of the intangibles Tax Act as it affects the individual and does not cover the many complications which arise from the widespread and involved holdings, corporation returns, trusts and other fiduciary returns. Individual problems may be submitted to the Michigan Department of Revenue for interpretation.

THE OLD JUDGE SAYS...

TED: "Clem and I were wonderin' what you thought of that new movie about the chronic alcoholic, Judge. Understand you saw it before we did."

OLD JUDGE: "Well... it's true most of us never see a case as extreme as that in real life because they are so few and far between. But it does point out one thing... chronic alcoholics are abnormal people and we've got to change our ideas about how to help them."

CLEM: "In what way, Judge?"

OLD JUDGE: "We've got to realize that excessive drinkers are suffering from more than a craving for alcohol. According to

psychiatrists and medical men at one of our great universities, the alcoholic is a sick person. The study of hundreds of cases shows he is suffering from some physical, social or emotional condition... just as in the case of that poor chap in the picture. Fortunately, they represent only a very small percentage of those who drink."

TED: "Is anything being done to really help these folks, Judge?"

OLD JUDGE: "Yes... a great deal in clinics throughout the country. And with the cooperation of the beverage distillers who sincerely want their product used only in moderation."

Annual Tax Sale

"STATE OF MICHIGAN"
In the Circuit Court for the County of Crawford, No. 189.

In the matter of the petition of John D. Morrison, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan against each parcel of land therein described, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the April term of this Court, to be held at Grayling in the County of Crawford, State of Michigan, on the 9th day of April, A. D. 1946, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition.

And it is further ordered that in pursuance of said decree the land described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a receipt therefor, and if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for the taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount assessed, the County Treasurer shall bid off the same in the name of the State of Michigan.

Witness the Hon. John C. Shaffer, Circuit Judge, and the seal of said Circuit Court of Crawford County this 31st day of January, A. D. 1946.

John C. Shaffer,
Circuit Judge.

Countersigned,
Bessie Doner, Clerk.

STATE OF MICHIGAN.

In the Circuit Court for the County of Crawford, in Chancery.

In the matter of the petition of John D. Morrison, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Crawford, in Chancery:

John D. Morrison, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act No. 126 of the Public Acts of 1933, as amended; and that Schedule A annexed hereto contains the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after the first day of the year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes, which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said County which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

2. That the extended schedule in said schedule annexed hereto contains a list of lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent and (d) \$1.00 for expenses, all in accordance with the provisions of the act first above mentioned;

3. That all of the aforesaid taxes, interest and charges are valid, due and unpaid, and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such

other and further relief in the premises as to this court may seem just and equitable. And your petitioner will ever pray, etc. Dated: January 28, 1946.

JOHN D. MORRISON,
Auditor General of the State of Michigan, for and in behalf of said State.

CHAPTER XVI

"I'll sell them at Doc Horner's auction, in Setonville, Pennsylvania."

"When?"

"He has two sales a year, one in the third week of September, one in May."

"Do you expect to make a profit on them?"

LOCALS

CM 2/c Gerald V. Melichar, son of Mr. and Mrs. Charles Melichar of 603 Michigan Avenue, Grayling, received his honorable discharge from the United States Navy at Great Lakes Naval Personnel Separation Center on March 4 along with 255 other Michigan boys and girls.

Notice — March 23, Rebekah party at Grange Hall, 9 P. M. Public invited.

RM 2/c James H. Cram of Frederic and S 1/c Lloyd E. Meyers of Grayling were among the 154 Michigan boys and girls to receive their honorable discharge from the United States Navy at the Great Lakes Naval Personnel Separation Center on March 5.

Arnold Babbitt received his honorable discharge from the United States Army after 2 1/2 years of service right to the day at Fort Sheridan, Illinois on March 5. His father, Dan Babbitt, met Arnold and his wife at Kalamazoo and brought them back to Grayling where they will spend some time.

Mr. and Mrs. Howard Madsen, and daughter, Toni, are spending a few weeks at Mr. Madsen's parents, Mr. and Mrs. Carl Madsen of Gaylord.

LeRoy Babbitt left last Thursday for Flint to see his wife and new son, Jimmy, returning to Grayling Monday morning.

Mr. and Mrs. Joseph Selesky went to Detroit to attend the Sportsman Show.

Mrs. George Stephan is spending at week at her son's in Cadillac, Stanley Stephan.

Margrethe Nielsen had a fall Sunday in front of the Post Office resulting a broken right arm.

Mrs. Olga Boeson of Muncie, Indiana, spent a week at the Elmer Rasmussen home.

Leslie and Mrs. Hunter and niece, Julie Hunter, are spending a few days in Detroit and Flint.

Charles Corwin, Jr., of Saginaw, spent the week end in Grayling visiting his parents, Mr. and Mrs. Charles Corwin.

Mrs. Sylvester Castle entertained the members of her bowling team, Dawson's, with a late supper after they bowled Thursday night. Those present were Mrs. Menna Corwin, Mrs. Donald Akers, Mrs. Clayton McDonnell and Jane Ann Martin.

Betty Rasmussen of Central Michigan College spent the week end with her family, the Elmer Rasmussens.

Mr. and Mrs. Milfred Post of Bay City visited Mr. and Mrs. Charles Post of Frederic and Mr. and Mrs. Emory Craft of Grayling over the week end. Mr. and

Mrs. Post attended the Consault Post nuptials held last Saturday. Mr. and Mrs. Vernon Jacobson (Evelyn Forshee) expect to leave Wednesday for Jamesville, Wisconsin, where they plan to make their home.

Dr. and Mrs. Claude R. Keyport returned Sunday after spending some time in Sea Island, Georgia.

Shirley Nelson, who is employed in Chicago, arrived last Saturday to visit her parents, Mr. and Mrs. Tracey Nelson. She expects to leave Thursday.

Shirley Miesel returned Monday after visiting friends and relatives in Detroit for the past week.

Arthur Feldhauser who is a student at Central Michigan College in Mt. Pleasant, spent the week end in Grayling.

The Flint Ski Club held their annual banquet at Shoppenag's Inn last Friday night. There were 28 members present.

Joyce Wells, Jim Baker, Joan Bishaw and Edward Sorenson, visited Mr. and Mrs. Perry Wells (Beverly Peterson) in their new home down river last Thursday.

Notice — E. S. card party at Masonic Hall on Friday, March 20th at 8 P. M.

Shoppenag's Inn is beginning their spring cleaning early this year by having the lobby walls repainted.

Just received a large assortment of cotton house dresses. Shirley Shoppe.

S 1/c A. O. M. and Mrs. Robert E. Eppler are residing in San Diego, California, until such time as Bob receives his discharge.

The couple then plan to return and make their home in Michigan. Bob says California is O. K., but Michigan for me. Mrs. Eppler is the former Irene Raymond of Detroit. The couple are married in California at Christmas time.

Mr. and Mrs. Ray Clement returned to Grayling last Wednesday night after making an extended visit in Mission, Texas.

Bernard Callahan with Mr. and Mrs. Jack Callahan and family of Pinconning attended the skating tournament at Iron Mountain recently, spending the week end.

Mrs. Ebern Hanson, Sr., left for Detroit last Thursday night to spend several days.

Mr. and Mrs. Albert Markby of Pontiac were recent week end visitors of his mother and sisters, Mrs. Grace Markby.

NOTICE — Grange meeting Saturday, March 16. Dinner promptly at 12:30. Meeting to begin at 1:30, closing at 3:00. St. Patrick's Day dance, Saturday evening at 8:30. Lunch in basement. Admission, Ladies 25c, Gentlemen 50c. Quilt on display. All welcome.

Mr. and Mrs. Carl Hanson have

January Disasters Bring Quick Red Cross Action

Destructive floods and tornadoes beginning in early January were grim reminders that more Americans died in home-front accidents and disasters during World War II than as war casualties.

By mid-month the siege, brought on unseasonably early by warm weather and heavy rains, had claimed 54 dead and upwards of 150 hospitalized, records indicate.

Thousands of families in rural areas of 11 midwestern and southern states have been affected.

Red Cross chapter workers who last year helped their communities through 260 disasters have again worked round the clock. Assisting them have been doctors, nurses, and others rushed by the Red Cross to stricken areas. Surveys for the rebuilding, repairing, and replacing of damaged or destroyed homes, barns, and other buildings began immediately. Rehabilitation work will be completed in March. Undoubtedly new disasters will strike during the spring months and will keep the organization working at top speed in this humanitarian parade, which never ends.

In providing food, clothing, shelter, medical and nursing care, varying problems confront the Red Cross, particularly in rural sections.

In flooded Mississippi valley areas, Red Cross has obtained priority release of lumber and other building materials. Included has been screen wire to help prevent the spread of disease in polo and malaria-affected sections. In floods and hurricanes, local

other occupants of the car. None were injured.

Just received a large assortment of cotton house dresses. Shirley Shoppe.

Arthur Williams of Frederic was arrested on March 2, by Sheriff Papendick on a forgery charge. He was arraigned in Justice Court on March 7 and bound over to Circuit Court, to be held April 8. Williams took three checks belonging to Lewis Neville of Frederic, signed Neville's name, and cashed the checks. Williams moved to Frederic last October from Albany. He will be held in jail till Circuit Court meets.

Mr. and Mrs. Christ Michelson of Portland, Oregon surprised their niece, Mrs. Helen Smith and Mrs. Signe Rasmussen of Lake Margrethe. It was the first visit in 33 years. During their stay in Grayling they are visiting old friends.

Mrs. Agnes Johnson of Mackinac City is visiting Mr. and Mrs. Maurice Dore of Lake Margrethe.

Honored At Farewell Party

Mrs. R. Thompson and Mrs. C. Barber held a farewell party last Thursday afternoon in honor of Mrs. Roy Kannisto who expects to leave for Waukegan, Illinois, in a few weeks. There were 18 guests present.

A reception was held on Monday evening at Roscommon for Fr. Grill.

later in the afternoon.

Mrs. Kannisto expects her husband home this week from the Pacific. He is now at Camp Grant, Illinois, receiving his discharge.

Hold Reception For Father Walter Grill

The members of St. Mary's Parish held a reception Tuesday evening, March 5 at their hall for Rev. Fr. Walter Grill, new pastor of St. Michael's Church, Roscommon. At this time he was presented with a purse to help furnish the rectory.

Some one hundred guests were present, including several parish priests from the district, and many Roscommon people were on hand to welcome Fr. Grill.

Large Shamrocks were used for decorations, carrying out the St. Patrick's Day motif, with small ones for each guests' lapel. Crystal bowls holding green carnations, crystal candelabra, holding tall green tapers and the gaily decorated sandwiches and cakes made the tables a pleasing sight.

A short musical program under the direction of Leo Koepfer and the humorous anecdotes of Marshall Cox, all following along the Irish theme, made for a most enjoyable evening.

Much credit is due Mrs. John Brady, general chairman, and her many committees, for the success of the evening.

A reception was held on Monday evening at Roscommon for Fr. Grill.

From where I sit... by Joe Marsh

Our town has a Housing Shortage

Yes, sir, there's a real housing shortage in our town, as I guess there is in yours, too.

Keefe Cole, for instance, is sharing his home with a brother-in-law from Connecticut. Six children and a dog in one family; four children and three cats in the other.

I asked Keefe how they got along together — especially the grown-ups. Didn't they get a little edgy from the noise and crowding?

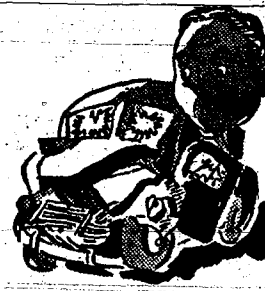

Keefe looks at me with a twinkle. "Sure," he says. "And when

that happens, Sara and I just pass around four sparkling glasses of good beer... and that reminds everybody that there are still a lot of friendly, gracious pleasures that can help us make the best of things."

From where I sit, it's great to be able to relax during this strain of postwar living with a beverage that's truly moderate and wholesome, truly friendly.

Joe Marsh

doing fine work.

"A great deal of the youth trouble is caused by the youth's ignorance to his obligations and duties," the speaker continued, "all of them are imitators and during their adolescence copy what older people do."

A touching on the problem the country is facing in the breakdown of marriage in the younger set. He also brought up the argument of what a year's military service might accomplish for most youths. He called it paying the buck to the military for a job which should be done right at home.

Word was received that Roy

Trudgeon who is in Arizona, attended a Kiwanis meeting at the Copper Queen Hotel in El Paso, Arizona, where Rev. Fr. Donald Hughes, pastor of the Immaculate Conception Church, showed Kodachrome films of Mexican scenes, including the interiors and exteriors of 400-year-old million dollar cathedrals, deep in Mexico.

Father Walter Grill, who was recently moved from Greenville to Roscommon was a guest of the Grayling club meeting this week.
